

Saab 900

SAAB 900 TURBO CONVERTIBLE COMMEMORATIVE EDITION

1 9 9 4

Be one of the first to own the last of its kind.

This model Saab 900 Turbo Convertible will no longer be built after this year. And to honor its many years of inspired service to driving enthusiasts worldwide, we've built a commemorative edition.

With a black metallic exterior sporting a tan top, and a tan leather interior trimmed with black piping, the Saab 900 Convertible strikes an even more stunning appearance than its predecessors.

And with a 185-hp turbocharged engine, the most powerful ever offered on a 900 Convertible, it also provides a stunning example of performance. That's something you can appreciate on a test drive that promises to be nothing less than a commemorative occasion.
